🏠 Vestervang 10, 1. 1011, 8000 Aarhus C

I am currently enrolled in Multimedia Design and Communication studies with focus on User Experience. I consider "user" a broad term and prefer to do experience design for humans.

I like to dedicate my time developing new ideas, thinking innovatively, and educating myself in the field of UX design.

I am very enthusiastic, flexible, hard-working, and curious. I am looking for new challenges as a future intern at your agency to gain new knowledge, meet new people, help to solve problems, and offer everything I can.

Education

/ **AP in Multimedia Design and Communication - UX Specialization**
